**** EBA offer - Evidence-Based Acquisition**

Perpetual access acquisition of a 90 or 60 title minimum custom collection without initial "pick and choose" upfront
Upon paid invoice, one year access granted to the entire catalogue of for purchase titles and / or subscription-only titles
Based upon annual usage statistics, set up of the final "pick and choose" collection with the 90 or 60 most read for purchase ebooks
According to the statistics for subscription only titles, optional set up of a "pick and choose" of 90 or 60 titles for annual subscription
-) Invoicing a collection purchase/subscription to be built only through facts and figures close to user's needs and experience

***** PDA offer - Patron-Driven Acquisition**

Perpetual access acquisition of a title selection based upon end users' usage: each 5th time an ebook is open in full text, the purchase is confirmed.
Upon payment receipt of a deposit, access is granted to part or the whole catalogue (collections) of titles available in purchase model.
As soon as an ebook is open at least 5 times, the deposit is deducted from the title unit price which becomes a perpetual title purchase.
Other option: a number of credits are open based upon an initially defined amount allowing access to ebooks from one or several collections across the year without having to purchase upfront the entire set of titles. The book full text is available with one credit during 30 days within the institution.
pendant 30 jours au sein de l'institution.
-) Invoicing an initial deposit amount used along the most read ebooks within the for purchase titles to create a pick and choose collection

Please note : the digital services represent 15% of the total purchase amount.
